Audit Presentations and Oral Defense

Quantum Cognition for Human-AI Decision Teaming

Nathan Yang

M4S1

Presentation Block

Ten-minute individual presentation.

Five minutes of questions.

Up to six presenters in a 90-minute block.

The Client Story

Decision and comparison.

Design, evidence, uncertainty, and strongest alternative.

Recommendation, owner, and review condition.

Questions About the Evidence

Which result would change your recommendation?

Which assumption carries your broadest claim?

What remains unresolved?

Peer Feedback

Identify one well-supported claim.

Identify one missing link between evidence and action.

Ask one specific question.

After the Presentation

Record the feedback that affects your recommendation.

Revise the report and document the change.

Retain the evidence supporting your final judgment.
